17" Dan Duval: Folks, it is another episode of Discovering Truth with Dan Duval, and I am super excited and blessed to have back with me Amanda Buys who has been guest with me before. She has revelation and insight to achieve lifestyle of victory in messiah through practical experience. And she has had an incredible ministry to survivors of satanic ritual abuse and government sponsored mind control agendas. Along with her husband Roly they offer prayer resources, teachings, and in depth training. You can find her at kanaanministries.org and that's spelt k-a-a-n-a-n-ministries dot org. Amanda, welcome back to Discovering Truth with Dan Duval.

Amanda Buys: Thank you, thank you. It's a blessing to be back with you, Daniel. Good to see you again.

D.D. Well it's really good to sit down with you again. It was a joy being able to sit down with you last time. We actually need to talk more often Amanda.

A.B. I agree. I need it.

D.D. Yes, yes. And you're tracking so much incredible, incredible ground. You're continuing to operate at the front lines. You're joining us today because you've learned some things about what you are calling the Hitler project, that I believe needs to be much more widely understood. And so I want to open up with this question. Amanda, what was your first exposure to the idea that there was a so-called Hitler project?

A.B. Daniel, you know, I've been working doing a lot of work in Europe and the people that I've worked with; it was amazing that they came from different nations, and every time we started to dig and try and find out what's on the bloodline, always starting with the iniquity, and who's on the bloodline, we would bump into the royals, and then get to quite high ranking, you know your top 13 royal bloodlines. And then to understand that, if you say today that you're a royal, you have to pull your bloodline right the way back to Charlemagne, who is from the 12th century.

Well it starts from the 8th century. There was already like a progress towards the 12th century which was the first holocaust that actually took place. Then from there, Charlemagne. They decided to collect all the missing pieces of Osiris, which is the whole Egyptian thing that we know about. With Charlemagne there was a lot of history. So if you try to say today you are from the top royal family, you have to pull back and say that's where I come from. From the 12th century I can prove my bloodline.

And so we started to understand the history. And what was very interesting, things that we found. You would think Germany, England, France, Russia, those nations are separate nations. But if you go even further back, you will find that when they started to break up these countries into separate countries, they were actually all families, they were cousins. It's been a fascinating journey, and it's been years of working with survivors and actually tracking. And I was working with this one girl and the Lord started to open up the silver cord. Do you know about the scripture Ecclesiastes 12:6 that speaks about the silver cord? Through the years of ministry you know about the silver cord.

And practically what happened, we were in the Netherlands. The Netherlands, God has been showing us, has been quite a key for the history, tracking again Hitler project and royal bloodlines. And the role that they've been playing in history has been absolutely profound because they were seafarers, they conquered land, very much like England. But taking South Africa, they got here first. And then when the English found out the riches that's here in South Africa; South Africa is almost like the safe for the new world order because we've got all the gold and the diamonds and all the riches here. Russia too, but there's a lot of stuff going on here. So when the Dutch came, and they started to put in the stakes and take the land, the English heard about it and they sent a guy called Cecil John Rhodes who was also a royal. And the first big battle was between the two masonic lodges, the Dutch and the English.

So we found the Dutch were really key, and we found William of Orange just about all over the place. He's got rivers named after him. He separates countries. He separates East and West, he draws a line, and he separates North and South. So whenever like

Korea, you've got North Korea, South Korea, you've got South Africa. You've got the same thing, separated. William of Orange, you've got him in Ireland, with the whole Orange movement. The Orange lodge is William of Orange. And it's the Netherlands.

So we started to dig up more and more around these bloodlines. And so we had three days holiday in the Netherlands. And so we were in this little town called Delft. And they make pottery. So that's in my mind, 'I'm going to have a bit of a break now, I'm tired', and so we're just going to see what pottery there is. Anyway we go to the market square, and here's this traditional church on the market square, which is standard, in Europe you've always got the church square. We go in there and they take you through a tour of all the kings and queens of the Netherlands. So you start with William of Orange, at his grave. Now the graves, they're buried there, the bones are all there. You start with him. There's a big statue there of him seated. Next to him is a dog.

Now I've started to learn this, when we start to work with survivors, and they're royals, and there's this type of stuff on the bloodline. The most strangest thing would happen. There would be a trigger, and the next minute they would be on their hands and knees and they would be ready for sodomy. And I thought, 'What is going on?' And then when I saw William of Orange and the dog, and I realised, 'That's how they program them. What does God call a sodomite, he calls a dog.'

The slaves, the survivors are all very obedient to their masters. And they are trained to be part of the beast programming. Revelation speaks about the false prophet and the beast, and the dragon. So part of the beast programming is where they would take them, put them into cages. Now Josef Mengele was very good with this. Put them into cages, they'd be naked, and they would be starved, and then raw pieces of meat would be thrown at them. And they would be animals. They would be made lower than animals. You would not treat your animal the way these survivors have been treated. So they became dogs. That's part of the beast programming. They become a beast, they create a beast in them. And part of that is the sodomy. So you become somebody's dog. So we started to ask, 'Who's your master? Who's dog are you?'

That started with William of Orange. And you follow the trail in the church, you go right round the church and you see who all the kings and the queens are. The people we've been working with, they come out with theses names. They have this queen, they have this name, they have this name, you know. And as we were finished I looked back to look at the scene again. Because you walk on like a red carpet. And I saw a box with a huge Bible, those old big fashioned Bibles. And I thought, 'Wait, let me go and see what's the scripture.' So I walked back there and I look, Ecclesiastes 12

verse 6, the silver cord. And the penny drops. And I realised that this is what we're dealing with. I have been trained to call them dead human spirits. I don't know if you call them alien spirits. I know Arthur Burk calls them alien spirits.

D.D. His term would be AHS, alien human spirits.

A.B. The spirits of the dead. So here is the plaque with William of Orange that says, "The grave will not hold me. I will rule from the grave." So then we started to pray about the silver cords of every survivor. To see who is on the silver cord. So we're tracing bloodline. So I was praying with this girl, highly ranked, and I said to her, 'OK, let's have a look who's on your bloodline. Let's ask God to show, who's on your bloodline? And as we're praying suddenly she says, 'The cousins, the cousins, the cousins.' So I said, 'Who's the cousins?' She said, 'In history.' And she found on Google the three cousins who formed the nations of her bloodline. So you cannot think in terms of only the French, or only the German, or only .. , they were family. They were originally family. You've got to go back to the ancient roots to discover where the power source is, because it's iniquity.

D.D. So as you're talking, of course, my head is going dit-di-dit-di-dit-di-du like all over the place. There's a few cultural references here that bear mention. One thing we have in the United States here is the Fulsome street parade over in California. And they do a lot of .., it's disgusting, people walking around in BDSM clothing, genitals exposed. And one of the things that they'll do is they have the dominants and the submissives. And the submissives will be crawling around on their hands and knees. There are photos of this with dog collars around their neck. The Fulsome Street parade. You can find it. I'm not saying look it up, especially if you have children. What I'm saying is cultural references. It's in plain sight.

And one of the things about the beast; there was a movie that came out called Split, a few years ago. And the whole movie is about this guy, who is a multiple personality, who abducts these young girls. And it's a progression towards the beast coming out. And what does the beast do when he comes out? He actually eats people. It's propaganda that I think makes people very afraid of survivors. I thought it was very unfortunate. Because for the survivors that I knew, that is very triggering. Because the whole idea that, 'Well I'm a monster, and if anyone knew what I was really like on the inside, they'd see that I'm this. So now I need to be afraid of myself and every other survivor on the planet,' which is I think overreach. But it's propaganda. They're playing on this theme, the beast.

What you're saying is absolutely true with a lot of this cage programming. They put these children in these cages. Then they have animals, they actually have animals. Rabbits, dogs, and they're being nice to them, while the children are treated worse.

So the children actually want to be the animal, because, 'At least if I was a dog, or a cat'; they do this with the beta programming. All of this, right, but you're connecting it in such a deep way.

And one of the other things I want to say, Amanda. They don't get it in the Christian church. We're so far behind the curve. People are still debating, 'Well if it's a spirit it's a demon. It's a demon, demon, demon, demon.' It's like, dude, you are very far behind. We have spirit children, we have astral projecting soul parts. We have the human spirit. And you can encounter a person's soul parts, or human spirit on the spirit plane, or the astral plane, whatever you want to call it. Because they're both on that plane. We're even running into synthetic spirits. They're generated in quantum computers with code. So this over simplification.

And one of the things that I ran into, Amanda, I'm just going to throw it out there. People struggle, and they say, 'Well you guys that do this coaching with people that are survivors, you say that you find these human fragments that are persecuting people. But those people are dead. Show me in the Bible where you find that?' Well first of all necromancy is contacting the dead, and the Bible condemns that practice because it's a real thing. That's in the Torah, the first five books of the Bible, we're talking about necromancy. Furthermore, what people don't know. I'll just say this and I want to come back to you. Gehenna was the valley of Hinnom where they used to make infant sacrifice to Molech. They had a statue, they'd light fire on the inside of the arms, they'd put the baby on the arms, the baby would literally grill, and die, and pass through the fire. So they had the statue to Molech there and there was a lot of human sacrifice. It's a ritual site, Gehenna.

Well in the new testament, King James; those translators changed gehenna to hell, and then they call Hades hell. So you have hell being completely obfuscated in the new testament translation. So when Jesus says, 'hellfire' in the gospels, he's actually making a reference to gehenna, gehenna fire, referencing this ritual site. And he said that there are dead there. Now the thing is, people think, yes because the dead they go to hell, and dead people do go to hades. If you are not saved and you die, your soul will go to hades.

But it's not so simple. Because there are also dead in gehenna, which is actually a physical location on the surface world. And that's where you begin to get into this understanding, yeah, soul parts can be operating on a graveyard, or a ritual site, and yeah the blood does cry out there as well, and yeah, death is a little more complicated than we knew. The dead were in gehenna, and that was a physical geography. So people say, well why is it that when we move on Indian burial grounds and build our houses there, they're all haunted? Quote unquote. Because that is a

ritual site. There is human spirit activity, human soul fragment activity on that defiled land. And Jesus talked about it, in my opinion. Now other theologians may have a differing opinion. But I looked it up. I looked it up, and I found that no one could explain why gehenna was translated hell. They just shrugged their shoulders and move on.

A.B. That's good. I'm glad you explained that. Because it wouldn't be in the Bible if it wasn't possible. The word [the Bible] says don't call up the dead, because the curse will come. Why would it be in the Bible if you can't call up the dead? And the thing is, the final judgement day hasn't arrived yet. So there's still going to be a final judgement day, when they will definitely be put into the place where God tells them to go. And the other thing is why does Revelation say that the sea is going to give up the dead? So the sea's still holding; there's still spirits in the sea.

D.D You have the sea, you have gehenna, you have death and you have hades.

A.B. And what about tartarus?

D.D We might come back to that. If you have anything to say about tartarus please go ahead.

A.B. I know that that's the holding place where the angels are kept. But a lot of the people we work with are also nephilim connected. And so a lot of them will go in and out of tartarus like they pass through the veil of life and death. I mean, that's a survivor. They go through so many death experiences that they get to a place where they willingly lay down their lives for Lucifer, willingly. And so they pass through the curtain easily.

And the one part believed that her mummy; she was always looking for her mummy, you know, her little kiddy parts, 'Where's my mummy? I want a mummy.' And one of the things I really teach the counsellors is don't be someone's mummy. Because you cannot be someone's mummy. So you refer them to God. And the Holy Spirit attributes, I call love dove, and I say, ask love dove to come. Because I cannot be mummy for you. I'm not going to step into that trap. Also if you do, say 'I'll be your mummy.' Then they go and do rituals on your behalf and you become a mother witch. So there's no way. Because they work on a covenant. You've given a commitment. You've given your word.

And what happened, were these child parts were just crying out for a mummy. And then, when we eventually found this part of her identity was stuck in tartarus, and mothered by a nephilim. A woman, a female nephilim that was mothering her. So her mother would call her to come and visit her. But a baby baby part, of one of the death rituals where she went into tartarus, because of the nephilim, because she was raised

by nephilim, held a part of her humanity stuck in death. And that's why she could pass in and out of death no problem.

D.D That's 100% how it works. Folks, you guys need to understand this. When we talk about things like other realms, other timelines, and what Amanda's mentioning, tartarus, death. During the rituals and the trauma, fragments of the soul will be sent to these places. And often they will leave DNA in those places [spiritual DNA?], and that is the way that; it's coordinates. The coordinates are always known to the system, so you can go back and forth. So that's why we're always pulling people's DNA, bone marrow, blood and stuff, out of these places. I have these prayers, I can't go there right now.

Amanda, back to the Hitler program. So all of this is building up to the Hitler program. You're finding out, 'Who are your masters?' Going back to Charlemagne, going back to this guy Orange. Now moving into world war 2 and the creation of Hitler. What happens, how does this work?

A.B. Again we look at the Hitler project, and the nephilim are linked. Because when we look at Genesis 6, and where Jesus said that, 'As in the days of Noah, so it'll be in the days of the coming of the son of man.' Then we have a look. What happened in Genesis 6? And we know that the nephilim came, sorry the fallen angels came. They had intercourse with the women and the nephilim were birthed, and of course they mixed the seed with humans, with fish, with animals, whatever. So the whole Greek mythology isn't a mythology. It was a real world. It was a real time. And they messed up creation so big that God had to sent the flood.

So there's a lot of stuff in the cult, when you pray with them, that they say they are pulling on the dinosaur bones, they are pulling powers from the dinosaur bones. Because that was pre-flood, and so they're still drawing on that because it's still around. We know how they've found diggings, and it's so old; all the different countries have different stories around pre-flood and the flood and everything that happened.

But now pull forward to second world war, and we have Hitler who came as a type of the antichrist, that started to do expeditions to Tibet, and he started to get into ancient Sumerian texts, and he started to try and find the power. And the whole thing was Nimrod; so they were after, what happened with Babylon, and the fact that Nimrod was a normal guy, and then changed and became a gibborim. There's a lot of teaching on that so I'm not going to go into that detail, but you've got to have that as foundation to understand this. So he changed, he became a semi-god, a demi-god, half human half god.

So that's the secret. And through all the ages, all the secret organisations, whether it be Rosicrucianism, the Freemasons, or whoever, they wanted the secret of Nimrod. That's what they've been seeking. And I think that Dr Michael Lake has got brilliant teachings that explains the whole process. So, get to Hitler, he's looking for the same secret. He wants the secret of Nimrod, and then he sends guys on an expedition to Antarctica, where we know there's a power base. And a lot of the survivors are still tied to Antarctica.

But I want to share with you; please don't let me forget, the Russian side of the story. Because I'm counselling a Russian Jew at the moment, and I tell you, it's different to the West. There's very similarities, but it's East, and West. So the Russian stuff, and again the Hitler project is connected to it.

So Hitler comes and he's searching for all of this. Now we know that there's a Jewish connection with Hitler as well. And we know that that's where the kabalah tree, and we're going to chat about that later on. Joseph Mengele, he would put the kabalah tree into the survivors. Now I know you've done a very extensive study on that. So we want to take all the different facets together, and try and make sense of what does it mean today? What can we as counsellors learn, and how to pray?

So Hitler's also searching for this secret. He's also digging into all the ancient ways, and we know that the scientists were using the occult to draw power from. So you would have Himmler, and you had some real strong guys, and Mengele was part of it. But they were occultists, they were black, really worshipping the black sun. If you go to Wewelsburg which is that triangle castle in Germany. That's was like their secret headquarters. And they have a crypt at the bottom, and on top of that you've got; the survivors would lie on an alter and they would look straight up into the black sun, and they were programmed with the black sun.

So we know of sun worship, but there's also this evil side which is the black sun. So you've got the Freemasons that worship the sun. You've got the karate guys that bow before the sun. So we know there's a lot of sun worship. Africa's full of sun worship. But now we've also got the black sun, which is the very dark stuff. And we've got the Titans, and the Titans we know the history. So we went to the castle in Germany. At the place where you would see; we've got a replica in South Africa of exactly that same castle. It's a war memorial. So it's all about war and warring gods.

And right in the beginning, as you come into the doorway of this castle, you will find Michael. Now Michael - this is a false Michael. The real Michael was the guardian of Israel. So the Germans say, no no no he failed. They conquered all of that. So they pulled Michael and they brought him to Germany, and Michael is now the guardian angel of Germany. So you've got this Michael that's standing there in his whole

regalia, this huge giant of a Michael, fallen angel, that is now the entity over Germany. So this was all Hitler's stuff. He was pulling on ancient things. You've got the Teutonic knights. So they were the entities that Hitler pulled on. And a lot to do with death, and the realms of the dead and the underworld.

So when it came to the whole thing about the Jews; they were led. They were channeling. And there was this woman called Maria Orsic. Now Maria Orsic was a very strong channeler. A woman with long blond hair, and part of the belief system was don't cut your hair. She had to have this long pony tail, and her power source was in the hair, so it's almost a Samson copycat. And she would channel information down and give it to the scientists. And that's how they would build the rockets. All the technology, that knowledge that they had came from fallen angels. And she was channeling all the formulas down.

But sometimes she made a mistake. Or they heard it wrong, or she made a mistake. But many people died building these rockets. And it had to be sacrifices. There had to be blood mixed in with all of this, for the death. And so we went to this site where so many people died building the rockets, and we had the Germans go on their knees and repent for all the deaths of the people that had died in trying to build these rockets.

And we know the story about Werner Von Braun who was heading up NASA. And we know about all the top Nazis that were taken out of Germany, and were taken just before the end of the war. They were all escorted out and taken to America [and went elsewhere], where we know they continued with their work of what they were doing in Germany. And when they asked Werner Von Braun where did you get your knowledge from, he said 'Them', and he was referring to entities that they had been pulling on. So in South Africa we have a family that we are working with that is the family of Werner Von Braun. Horrific, the bondage on them is very sad.

So every now and then we'd bump into Hitler and this whole thing with Hitler, and the story of Hitler. And then we started to see, but, he had a project. And the survivors started reporting from different nations, the same story. And started to tell us, 'But there's a Hitler project.' And it starts with a woman called Anastasia. So they all refer being in the womb of Anastasia. So digging up in the history again and we start looking 'Who's Anastasia?', and we see 'OK. So She's part of the Romanovs. She's Russian. And they say that all the Czars were murdered. But she's now this hidden one, 16 year old young girl. And they got her because Hitler was also a Russian Jew. And there's a big secret now [about Hitler's ancestry], that I only saw the other day.

But we've been working with this Hitler project, and they reported to us, the top royals, that are now reporting 12th century high ranking nephilim connection [?]. So

not all the SRA, depending on their bloodline iniquity force. But if you're really a true royal, wherever you come from, your going to have nephilim, always. The nephilim are there. Father help us understand, "as in the days of Noah, so it will be" [Luke 17:26]. And we started to really pray to open it up, and pray with the survivors, and to confirm from the one to the other, so that we know it's not just one person telling us a story. We're getting from different nations, we're getting confirmation.

So the story is, Daniel, that with Hitler, he saw that he has to start up, what the fallen angels were telling him, 'It's time to open the portal again.' And this was; to open the portal there had to be enough blood. And of course it's Jewish blood. And so the second world war with the gas chambers and six million Jews that have died, had given enough iniquity, enough death, blood. And you know the chimneys, you talk about Gehenna, Molech. The smoke rising up into the nostrils of Lucifer, was enough to appease him.

And the gateway, the portal, to open up for the nephilim to come back onto the earth is at mount Hermon. Now if you take the leylines, and these are fascinating things to study, and we have all of this in clips [videoclips], and all of this is available. But if you take the leyline, from where you started in the States to see a lot of UFO landings. Around '52, '51, remember that time when it started, with all the UFO activity. You take that place and you run around the world, at 33 degrees [on the 33rd parallel], which we know is a Freemason number, and you will come to mount Hermon. Some portals were opening.

So what happened was in 1947, '46, just after the end of the war. Now there's enough blood. Now in '47 they start saying right Israel must become a nation again. There's a God program running, but there's Satan's program running parallel. And he's trying the whole time to play the game to see 'What is God doing'. We know that God said, he prophesied, that Israel will become a nation again, and we know how amazingly God established that. But now Satan's got a parallel. And so what happened was, enough Jews had died.

And now we have the portal on mount Hermon, where at the top there's Nimrod's castle. You can go there now, and you will find Nimrod's castle at the top of mount Hermon. At the foot of mount Hermon you've got a place called Pan's grotto, Pan the goat god. And that is the place, exactly the spot, where Jesus stood with his disciples, and he said to them 'the gates of hell will not prevail' [Matthew 16:18] against what God has planned. He stood at that exact spot and basically he challenged, and said, this is where the big fight's going to be. The mount of transfiguration is mount Hermon. So when Jesus transformed himself, and they said OK let's built huts here. It was right there on the mount of transfiguration. He went to the spot where the

enemy was going to open up this portal, and where the fallen angels will come through again, and where 'as in the days of Noah' would be repeated.

So it was '47, they took royals, they went there, there was impregnation. What they did was they took a baby, a little baby, and in the impregnation the fallen angels that have high technology, they know a lot more stuff than we do. So I mean I'm trying to keep up. I'm the older generation. I love it to hear where you guys are running and flying with quantum. I mean, I had to learn 'What's quantum?' 'Who's Metatron?', and all these things that for you guys it comes so naturally for you. And so it just takes a bit longer for me to learn.

D.D You might be giving me a little bit too much credit.

A.B. Well I try my best to learn to keep up. But what happened was, with the technology and knowledge that they had, they could put a third strand on the DNA. We know that the DNA has two strands. When man fell in the garden, we were connected to God body, soul, spirit. When man fell, what died? Spirit, cut off. So, we know that when we get born again, we get reconnected. So then again we are connected to God body, soul, spirit. So God gives us that spiritual download of the third strand, spiritual. But now what the copycat was, what the fallen angels had planned, was that they would give woman, these special highly ranked royals, they would put a third strand on their DNA, spiritual, to enable them to be impregnated by fallen angels, spiritual beings.

So we're talking God is third heaven. When we get born again we're connected to third heaven, almighty God Yahweh Elohim. But there's a second heaven which is a copycat, and that's where Lucifer reigns. And so there's this copy of the temple. Everything is copied in the second heaven. And where the survivors are linked to, and where our bloodlines are linked to, our iniquity, second heaven. And so the more connections you've got to second heaven, the more things in the spirit world are going to open up to you. You've got demonic covenants, you've got covenants with entities which meet in second heaven, which means you're going to be a sitting duck and you're going to just go with whatever the devil wants you to go with on your bloodline.

So here we have these women that get the third strand, a spiritual connection, to now be impregnated by Lucifer, by the fallen angels, to give birth to nephilim, to become nephilim mothers, and that's the Hitler project. [Note: Amanda uses the term nephilim for the child of a woman with a fallen angel. However in Genesis 6 the human mothers gave birth not to nephilim, but bore offspring who became mighty men. Of the nephilim, or giants, it simply says that they were there on the earth at that time, and after that.]

42:51 Now what we do is, we will ask questions to the survivor, and we will say, 'Write down the names on your birth certificate.' So it's 'Betty Jo .. those are my names'. Then we teach them to listen to their neshemah. This is very interesting because what we found out, on the kabalah tree, and is it OK if I mix a little bit here on the kabalah tree?

D.D Absolutely

A.B The foundation of mind control is the kabalah tree, which is the axis of the earth as well. And there's the cosmic tree, you know all about that and about all the circles they put in. I'm not going to go there. I want to bring in the connection as we understand the spiritual stuff.

D.D Go for it.

A.B What we understood was that there is this connection that takes place with the kabalah tree. With the royals when they have the luciferian connection. We know what you explained very well, that the top triangle is Lucifer's domain. And then you have the fallen angels' domain, and then the nephilim domain. And then the human heaven, the galaxies and stars that we know.

So they have to learn to climb the kabalah tree. From the beginning they would be connected. There's this cosmic tree which is a universal tree which controls everything of mind control. So what we did was we took the basics of the kabalah tree which is put inside of every human being;

In the older generation they did it physically, so they suffered tremendous trauma. The younger generation, they use virtual reality which is worse. Because in the real world for the older generation they can't chop your head off, then you're dead. But in virtual reality they can. So the person suffers the trauma exactly the same as though it is real. And that frequency and that download of trauma gets trapped, and that's what feeds Satan.

The whole kabalah tree was planned to be put into the survivors. They have the personal kabalah tree, but there's the external cosmic tree. And it's a mirror, as above is below. As they put this thing in, the trauma is horrific. But they also learn. They go through the different ranking and rituals.

And you know that between the nephilim, fallen angel and lucifer's triangle at the top, between lucifer's triangle and the fallen angels is a place called the abyss. And only certain survivors are able to get through the abyss. Not everybody gets through. Many die trying to get through. So there's a lot of death and dead bodies lying there,

and that is where they have described that it is the most horrific trauma to get through that abyss.

And then when they make it through to Lucifer's kingdom, the top triangle where he rules, then that's when you actually become bride of Lucifer and you have a child with Lucifer. And one of the children of Lucifer will be the antichrist.

So among the survivors who are still deceived and don't know the truth everybody is jockeying for that position. So that is just in a nutshell what has happened, the stories that survivors have shared with us. And we've seen the trauma and the horrific things they have been through.

48:25 So, in 1944, to find that's where it started; so we would say, 'Write your name down on your birth certificate.' Then we would say, 'Now, your conception identity, the day you were conceived, when God breathed his breath into you, is it the same as the date on your birth certificate?' I've never had one that says yes it is. I've had very seldom when that happens. Most of the time they say no. Then we say, 'So when did this happen?'

Now on the level over the heart area pathway in the kabbalah tree, there is something which they push in which they call the false neshemah. [Daniel puts up a chart of the kabbalah tree]. There, just by where that new Jerusalem pathway is. You know, that when they push the false neshemah in, is that every time a survivor goes through a death ritual. These very highly ranked, the royals, they would say to me 'But God didn't create me.' And every time, I would say, 'You are not created by Lucifer. He doesn't have life. He cannot give you life. Only Yahweh Elohim can give you life. He's stolen the elements of sperm and ovum, and he's created from there. But he had to get the elements of life from Yahweh Elohim, so you are God's creation.' And they kept on saying to me, 'No. I am Lucifer's creation.' And when we worked we got to this kabbalah tree and we got to this false neshemah.

I teach on the neshemah, and I work with the neshemah which is the breath of God. You can do a whole study of the neshemah, and you can see it is the lamp of the lord, it knows all things, it searches the inward parts of man. So when we pray for revelation of what happened to the person, neshemah knows all things. Those are scriptures.

So we pray and we ask almighty God to work with the neshemah of the person, and that only the truth will be heard. We put boundaries up and we say we don't want any bunny trails, no lies, no deception, and so we would work with neshemah. And here we work with the kabbalah tree and we see Manly P. Hall, and madame Blavatsky, and all of those that worked on the kabbalah tree. They work on a false neshemah, and

that's the breath of Lucifer. And then the penny dropped, and we realised that whenever they go through a death ritual and they get resuscitated, the nephilim breathes Lucifer's breath into them. So they believe that Lucifer created them, they have the life of Lucifer in them, they don't have Yahweh Elohim's life in them. And it's because of these death rituals. Does that make sense to you?

D.D 100%. Wow. Here's the thing. I remember, before I knew what the kabbalah tree was. Because I came into this probably the same, I just want to help somebody, Jesus, so bring it on, here you go, good luck. So here we are and I remember sitting down with someone. Actually I believe that you knew who this person was, but they'd come to me, and they had done some work in the past, and they had European royal bloodline stuff going on. I remember, we hit the heart, and they kept describing it to me as a death portal. And I kept trying to untether them from the trauma, and take them out.

Because it was not just a death portal, it was also a realm. It was a realm that they were completely one with. There was a oneness with the realm, but it was in them, but it was outside of them as well. This kind of language, now I understand. Then, I just sat there with my head in my hands like, 'Why didn't I learn this in Sunday school?' Amanda? I know you know exactly what I'm talking about. And so I'm trying to figure it out, and I will be honest, I failed to actually resolve this problem. I ran into it, and we tried, we prayed this, we prayed that, and no breakthrough. And I started calling it the template, cause I didn't know what I was even running in to. I'm like, 'I don't understand it.' Because this person did not bring up kabbalah at all. They didn't use that language, they just said 'That portal in my heart.'

When I ran in to kabbalah and looked at the tree, I began to understand that what I called the template for probably a year was the kabbalah tree. And I ran into other points, I ran into the crown, I ran into kereph [kether]. I ran into yesed [yesod], because that gate at the genitals is everything, that is the foundation. So I said, 'What?' And it was after I began to understand that I was dealing with the kabbalah that I was able to say, 'How does this map?' And I began to understand that these points on the human body are a template that the occult uses to describe the nature of creation, and they're borrowing concepts.

So they're mapping the human agency to their counterfeit creative key, and in doing so you're able to anchor body parts, specifically the crown, the ears, the shoulders, the hips, the heart. The throat, that is the abyss, the throat chakra where you can get choked out, or choked with the penis during, you know, sorry listeners, but this is what they do all the time. They suffocate the children this way, and they put the seed

in the throat. And the thing is, they're mapping the body to this counterfeit creative template.

So when a person is locked into the kabbalah tree, taking them out of that was very difficult, very difficult. And it wasn't until we had scribed the freedom from the kabbalah tree prayer which is in my second book, Prayers that Shake Heaven and Earth advanced, that I actually, for the first time, had the report, 'I'm out. I'm out.' And I'm like, 'You actually left one of those points?' 'Yes I'm out. They watched me leave, everybody in the point's looking at me like, 'How are you getting out of here?' And I was like, 'Wow. This is a really big deal. But the heart is the death portal and I think the connection to the counterfeit neshemah is also really huge. I like that. OK continue.

57' A.B We always ask them, 'Is your conception identity the same as your birth certificate?' And then we get a 'No'. Then we say, 'If we ask your neshemah now, under the authority of the Holy Spirit, what is the date that you would write down on your birth certificate.' All these royals, different countries, don't speak to each other, don't know each other, all write down 1944. Hitler project.

D.D Wow

A.B. So now my head is working, 'Is it possible? I mean they're living today, they're the younger generation. We've got 33 year olds, we've got 24 year olds, we've got different ages, we've got 66 year olds, we've got 70 year olds. Those are the older ones. But we all get 1944, so how does that work?

So then Anastasia was the mother, 16 year old. They took the seed. We've got king George VI, that was a big player. And there was the royals. You know they can splice the ovum, and they can put different parts into the ovum, attachments to the ovum. They way I can explain, it was like a petri dish kind of impregnation, but in her womb.

And they impregnated [conceived] all the women. There were also a few men. And they were the messiah, they were the christ for the women, to make sure that they would fulfil their destiny, and the whole plan would work. So there were men also involved. But the main project and aim was women to give birth to nephilim, because that's the nephilim project.

So it was 1944. Sometimes there would be a decoy, and they would throw out '45. Then I know, wait, we haven't got .. And I know she's a royal, and I know it should be '44, then I wait. And then we see, OK there's a shield. They put a shield up so we don't get there. But I wait for it because you know the protocol. So okay, '44.

So it happened with Anastasia, the mother Anastasia. When she gave birth, they slaughtered her. So you can imagine the trauma, the fear, all of that download, death, that went onto the babies. They took the babies and they froze them.

So then I looked at medical history. But I know that the cult is way ahead, fifty years ahead of what we are. But I checked what our medical profession says, and I found out that you can freeze this little embryo, it's a little just conceived baby, you can freeze it for up to twenty years, and implant and it will still be fine. And that's just our world. So here we have all of them conceived in '44. Then they were taken and frozen, and very strategically placed in different nations, at different times, in surrogate families. And they were raised by surrogate families. Very specific, pastors homes, different part of the cult, high politicians. It was a blueprint plan for every little baby that they had invested in from 1944.

They would say to me, 'Yeah Amanda, I was at the concentration camps, and I smelt, and I saw, and I saw them burn the people, and I saw the,' and I'm thinking, 'Can't be. You know it's impossible. You couldn't have been there. 'Cause I'm thinking logically. But I will send you this testimony. I'll ask one of the survivors. The same story has come through a few times. And it's a survivor that was conceived in 1944. And all she can describe is that they were a batch of women that would be hybrid mothers, and we were all conceived in 1944. And the actual conception event involved several women's eggs that were chosen from various bloodlines.

And then Hitler, George VI, and the reigning ancient hybrid who is Nimrod, a type of Apollyon. The hybrid was sodomising Hitler, who in turn was sodomising George, who became the father of the batch of women.

And George, in my mind, represents generational passivity that allows for the massive displacement of person, that happens when Satan comes into a woman, when she conceives. Because he was very passive, and basically that download came upon the women, so there was room for Satan to possess.

And then she goes on, I'll send you this and you can .. The union is when the will and the person of Satan comes in, like a hand in a glove, and displaces the passive will and person of the individual. Now everything about a survivor is a passive will. They're a slave. They don't even know they can make a choice. And so I bring in a lot of the teaching of getting the will, stand up, make choices. There's a whole teaching on the will to break the passivity. To renew the ungodly beliefs that they are believing.

So then after conception she was placed into, she said, a small blue, sliver, clearish ball, only 2-3 inches in diameter. And this is basically something that kept her alive. So she's in a frozen state, and taken out. Then the blue light within represents the life of

Satan, and that which sustained my life. And then she would be taken, let's say they would take one of the nephilim mothers, that's grande dame, of the first of these women, and they would put these blue balls in her womb, put her in a ship, and take her all over the world, to every portal, and release her essence will be deposited, of these babies, in these portals would be left there, a bit of humanity. So that when they start being active, they can move to any portal in the world and gain access. They have legal right, there's part of them there. It was a brilliant plan, this whole plan of Hitler, this Hitler project.

So she became accustomed to be trafficked on a spiritual level, because she was so used to being taken and used, and done with whatever they wanted. And that's the story of so many of these women that have given birth to hybrids. And what we have found, Daniel, is that up until the age of 12, these children are under the authority of their parents. So God gives the parents legal right, and he says to them 'Raise them up in my ways.'

But if the parents are cult, they sell the children, they give the children, they barter the children to Satan. These children are used for whatever purposes that the devil wants. So the parents were not obedient, and God stood by, because that's his word, and he wept. He wept while they were being raped, and going through the most horrific rituals. But he kept his promise. He said, 'I'll never leave you.' And because he made that commitment and that promise, that's why we can pray for them, because he never left them. Every survivor is alive today because of the promise of Jesus. That he said, 'I will never leave you. I will never forsake you.' So through the worst, darkest times he was there, and he wept. So he's taken them through, and when we can start telling them the good news, I've seen the most amazing deliverances.

As you take the spectrum of different ages, if you look at the timeline, from '44, which was Hitler project, and how they were used then. Up until the age of 12 they get split, and there's no choice. They're absolutely made slaves. Then from 13, they know that there's a shift that takes place, that God says, put in his word. They now receive the yoke of adulthood. So they become accountable for their own choices. Now they have to get them so angry, and so built up that they've encapsulated all that anger, and enhanced it with Satan's anger, and the nephilim anger, that when that 13 year old, when they go through that ritual, and it's crucifixions and all sorts of horrific stuff. They then make a choice, with their own freewill, 'I choose to serve Satan, Lucifer. I choose to turn my back, I want nothing to do with God'. Because it's this little one, this little one, when they're 13 months old, there's a whole timeline that we work on.

We get conception identity, 1944, but there are other names as well. And they're all part of core, and we find out the core names. And it helps so much, Dan, if you can

get the names of their identity. And there's normally for the younger generation up to 13 core names, up to the age of 13. So it's 12 plus 13, which is the typical way they work [12 +1 making 13]. So the 13th, you've got your presenter. And I don't know about you, but I thought, you read any text book, 'Who's the presenter?' 'No, the presenter's the part that lives every day life.' The presenter is the one that is now going to fight with you, and does. And we're going to accept Jesus as lord, and we're going to pray, and it's like an anchor point, and you bring everybody home to the body. Presenter is part of it, a very strong part of it.

But you work with conception identity always, because that's who you are. But presenter and conception identity have different names. So now if you anchor them; what we're coming up against now is that presenter starts to find that the parts that have come in out of the kingdom of darkness, parts of my humanity, are passing me, they're getting stronger. And now the presenter's saying, what's going on?

Dan, I searched every text book that's been written on this. I Googled. The only one that I found that could tell me something about the presenter, and what's going on was Svali. Have you read Svali's stuff?

D.D Of course I've read Svali.

A.B Sorry. She wrote on the presenter and she said the presenter is the worst damaged of everyone in the system. It's hidden. And I'm busy working with presenters now, and their memories, is in the family, which is the surrogate family. But it was their family. It was the only family they knew, where they bonded, where there was some sort of connection. So in their parts they know, 'Come on, they sold me out, they abandoned me.' But the presenter still believed there's some sort of a loyalty. And we are getting this now at a level I have not seen. So we've brought a lot of parts together, but now it's this thing about the presenter.

So it'll be good if we can share on that and talk about that, and you can help me what you know about that. But it's just interesting how it works.

D.D It is fascinating. You know I've run in to so many different structures of programming at this point. And it can be as vast, as, everything I do for this system, I rewrite and completely reapproach for this [other] system. It gets .. I've sat down with a Chinese system before, I don't know if you've ever seen that. Very different, different. There are European systems, then Nigerian witch doctor, that whole realm, then the American MKUltra government, there can be radical

.. OK before we run out of time, you mentioned Russian program, and there was something that you wanted to say about that, and so I want to get there. Because I

had some other comments, but we're going to leave those off the table for now. Tell me about the Russian program?

A.B. OK. I'm working with the Russians. So what we found was that - We started to pray around, one day we were working with her, and suddenly she's just hit, and she says to me, 'I'm sure I went out last night.' When I hear access, I see red and I say, come on, we've got to stop this. I get so upset when they get taken out. No, we've got to close this door. I said, 'But there's no high day, it's not full moon, it's not new moon. So what's going on here?' It was the 9th of May. She says, 'But don't you know. This is the biggest holiday in Russia.' No. I didn't know. It's not on the calendar. So the other thing is also the Russian Orthodox church, that has a passover, but not on the same time as the Jewish passover. But there's a huge ritual, and a flame that travels from Israel to Russia. And it gets received there, and the whole nation comes under this thing. Scary stuff.

There's a clip on it. I can send you that information. So they show it, how they actually get the flame. It's lit supernaturally. No matches, no nothing near it. It's like a Zeus, same thing as the Zeus flame, the sun, and then this high priest, dressed up in the whole regalia, two Palestinian guards standing at the door, that was interesting to me. So this guy gets this supernatural lit flame, and it gets taken then, there's a whole crowd waiting for it, there's a big cheer when the flame comes, they're all waiting outside, and then this thing gets onto a plane, it gets put into a special container that it will burn all the way, the same as the Zeus flame of the Olympics, and then it gets to Russia, and then it gets received there, and then it gets a whole ritual done.

And this is with the Russian passover. It was another very big high day, where she was summoned to be. And so 9th of May. So she says, but this is the big military day. This is the big day that the main number one leader; he goes, and he brings all his tanks and his firers, it's a huge thing. But now COVID was going so they couldn't do that, but the spiritual was still summoning. They had to be at the ritual. So she had to be there and perform her thing. She's very highly placed, ranked there.

So we prayed about that. It was the first time I'd heard that. In the process I heard the Lord say, 'Look at the shield, the family crest of Anastasia.' I mean, she's the Hitler project. So I've never looked at it, never thought to look at it. So I pull it up on Google. And what you will see is that there's a breastplate with stones, just like the high priest's breastplate [Aaron] has got the stones on it. Then you have, at the top of the family crest in a corner, you have the German symbol of the eagle, which they call the adler. What you will see on this shield is you've got the stones of the breastplate, and

then you have this double headed eagle, the adler, which is Hitler's symbol, but it's just at the top of the shield.

And then the penny dropped for me, and I realised, Germany is a shield for Russia. Because Hitler was a Russian Jew. And on the ninth of May Hitler took Germany, and they bowed their knee and they acknowledged the power of Russia. So who's the main power then. It's not Germany. Germany's just a shield. We've all been watching Germany, Germany, Germany. But who's behind Germany, and who's the actual Hitler project, it's Russia.

Russia has got so much gold, the mines. They have, not Antarctica, they have the North pole. There's major activity going on there in the cult. It's being funded, by these guys that own the mines and the gold. But at the moment things are in a crisis, and you can Google it and read it in the news. And so the survivors whose parts are stuck there, are waiting on commands to do the next assignment, but they're stuck there. So we've been praying and petitioning that God will intervene. Because the ground of Russia is soaked in blood.

D.D Like they say, there were six million Jews, but over in Russia, fifty million under Stalin.

1:21:15 A.B. And that's why I'm saying to you, Germany is a shield. And we've been watching Germany x3, but you've got to go into Russia. Because that's where the real power is. And I've been finding survivors who thought they were only Western, stuff, but we're hitting stuff going on in Russia. We're getting Russian parts.

And Daniel, when we have another chance to talk. I've been working a lot in the Netherlands, and the water kingdom, the marine kingdom has opened up for me on a level that I've not seen before. Mermaids, rankings of mermaids, the deepest of the deepest sea where no light shines, where it is so dense, where there are monsters. They're mermaids, but they have monster teeth, they are like hybrid freaks. And only those that are in the top triangle of Lucifer, that have gone through the abyss, can swim down there. It goes into like a funnel, the whole water kingdom, and it's got like a labyrinth, different levels, and things happen at different levels, whether it's rivers, or whether it's seas. They can swim from one city, country, to another, if you know the labyrinth.

D.D Folks, here's what I'm going to have to do. Exploring the water spirit kingdom with Amanda Buys at some point in the future. Because I know a few things, but this is the thing. Today we got together to discuss the Hitler project. So you're going to have to wait with baited breath. Amanda Buys, outstanding job.

D.D. & A.B. Closing remarks
